## BEGONIA CALEDONIA.

### White Variety of Begonia Gloire de Lorraine.

Last year European horticulturists were startled by the unexpected appearance of a pure white variety of **Begonia Gloire de Lorraine**, which when exhibited in London received the well merited distinction of the First Class Certificate of the Royal Horticultural Society. Desirous of placing this new plant within the reach of our customers at the earliest moment, our MR. JAMES FARQUHAR made a special trip to Europe and brought back with him the first plants which have passed from the originator's possession, and we have been the first to offer this splendid novelty to the United States.

**Caledonia** has the same beautiful foliage as "Gloire de Lorraine," the same habit, the same height, the same marvelous floriferousness, the same persistency of petal, the same continuity of flowering, while it has proved itself of even more vigorous and robust growth.

In order to give this splendid new plant the earliest and widest distribution, we have decided to offer plants to Florists for June delivery at the following prices, viz.: **Plants from 2½ inch pots**, each, \$0.50; per dozen, \$5.00; per 100, \$40.00.

To avoid disappointment, customers should send their orders at once, which will be filled and executed in rotation as received. For the protection of small growers we reserve the right to reduce or reject orders for large lots.

## BEGONIA GLOIRE DE LORRAINE, Nana Compacta. THE LIGHT PINK VARIETY. OUR OWN NOVELTY.

This beautiful Begonia differs from Gloire de Lorraine in being of upright instead of drooping habit, bearing enormous trusses of bright salmon-rose flowers, lighter than those of the parent, of larger size, more numerous and lasting much longer. Many of our plants grown in 4-inch pots, first season carried from 300 to 400 fully expanded blossoms at one time.

Awarded a Silver Medal on  
p. 2nd 1901, by the Massa-  
setts Horticultural Society  
for its improved habit and su-  
periority over the type, as a  
gardenists' decorative plant.

### CULTURAL NOTES.

These Begonias should be grown in a moderately cool temperature; forcing in strong heat weakens them and shortens the flowering period.

As house plants they are most satisfactory and continue in bloom for months if not exposed to strong furnace or steam heat, nor allowed to dry out.

Plants from 2½-in. pots, July delivery. Per dozen, \$1.50; Per 100, \$10.00.

## BEGONIA GLOIRE DE LORRAINE. THE ORIGINAL VARIETY.

Plants from 2½-inch pots, July delivery. Per dozen, \$1.50; per 100, \$10.00.

# EVANS' BOSTON GIANT MIGNONETTE.

PRONOUNCED BY OUR LEADING FLORISTS

"THE FINEST MIGNONETTE GROWN."

GENUINE ONLY FROM R. & J. FARQUHAR & CO.

We have again purchased of Mr. Charles Evans the entire seed crop of his splendid new Mignonette, which has caused so much surprise and admiration of the Boston Flower Market.

WALTHAM, MASS., Dec. 20, 1900.

MESSRS. R. & J. FARQUHAR & Co.,

*Dear Sirs:*—I herewith send you the entire crop of my "Evans' Boston Giant Mignonette" seed harvested during the present year; I have sold none to any other party.

Yours very truly, CHAS. EVANS.

BOSTON, MASS., July 19, 1899.

Mr. Charles Evans has surprised the market with his new Mignonette. Nothing like it has ever been seen here, and he readily sold all he could cut at his own price.

JOHN WALSH, Manager,  
Boston Flower Market.

BOSTON, MASS., July 19, 1899.

I have used from fifteen to twenty dozen of "Evans' Boston Giant Mignonette" daily, and can say truthfully it is the finest and most fragrant Mignonette grown.

THOMAS F. GALVIN.

BOSTON, MASS., July 19, 1899.

The "Evans' Boston Giant Mignonette" is vastly superior to any other sort the florists use. The erect flower spikes are of enormous size, dense and fragrant. It sells at sight. I have sold from fifteen to thirty dozen daily.

WM. E. DOYLE.

Ounce, \$2.50. One-fourth ounce, .75. Trade pkt., .25.

For other varieties of Mignonette see page 13.

Delaware Park, Buffalo, N. Y., Jan. 30, 1901.

Messrs. R. & J. Farquhar & Co., Boston, Mass.,

*Dear Sirs:*—You will receive through our auditor Mr. Brothers, in a day or two our Seed list for this Spring. We have always had success with your seeds, and particularly the finer Greenhouse sorts, which you will notice are what we purchase from you.

Truly yours,

JAMES BRAIK, Asst. Supt.,  
Department of Parks.

# Farquhar's Columbian Prize Cyclamen.

We furnish the finest Cyclamen Seeds in cultivation.

At the WORLD'S COLUMBIAN EXPOSITION, Chicago, we were awarded both Grand Medal and Diploma.

"Garden and Forest," in commenting on the Exhibition of Cyclamen Plants at the World's Fair, at which specialists from all over the world had exhibits in competition, says:

"The exhibit of R. & J. Farquhar & Company, Boston, is one of the largest and makes the best impression as a whole. Their **Mont Blanc Cyclamen** is the finest white in the Exhibition, if not the best of any strain. The contrast was great between the small-flowering type (of other exhibitors) and the large flowers in the exhibition of R. & J. Farquhar & Company."

Messrs. R. & J. Farquhar & Co.,

Gentlemen:—Your Cyclamen are the finest I have ever grown. Every seed germinated; the plants are handsome, with flowers ranging from pure white to dark crimson.

The blooms are so large and borne on such stout stems, that I have used them most satisfactorily for cutting purposes. Every one who sees them pronounces them the best ever seen. Yours very truly, C. J. W., Gardener to Mrs. J. S.

Messrs. R. & J. Farquhar & Co.,

Gentlemen:—You will be pleased to learn that the Cyclamen seeds I had of you last year have turned out admirably. The plants are now in full bloom and are truly grand. The flowers are of enormous size, splendid substance, and their erect, stout stems hold them well above the leaves. I have never seen a finer strain.

Yours very truly,

Beach Bluff, Mass., Feb 20, 1899.

D. F. ROY, Supt. Estate of Hon. E. S. Converse.

**Early Deep Scarlet Olive-Shaped, Short Leaf.** One of the most desirable varieties for forcing. The skin is a very deep bright red color; flesh crisp, tender and of good quality.
